

Roho Hybrid Elite Cushion

<https://vital.net.au/products/pressure-care-skin-protection/roho-cushions/roho-hybrid-elite-cushion>

The ROHO Hybrid Elite SR Cushion combines the skin/soft tissue protection and Shape Fitting Technology® of a ROHO DRY FLOATATION® cushion with stability from a contoured foam base. This cushion design allows for improved pelvic alignment and stability for improved position and function while maintaining optimal immersion and envelopment of both the ischial tuberosities and greater trochanters. The ROHO shape fitting cushion insert provides critical pressure redistribution around the pelvis area giving the individual skin/soft tissue protection that ROHO is known for.

Based on clinical, scientific or engineering evidence, this product may be suitable for individuals who:

- have a history of skin/soft tissue breakdown and/or any stage pressure injury (including deep tissue injury), skin grafts, and/or myocutaneous flap surgery
- currently have skin/soft tissue breakdown and/or any stage pressure injury (including deep tissue injury)
- are at risk for skin/soft tissue breakdown and/or any stage pressure injury (including deep tissue injury)
- have normal or impaired sensation
- require accommodation of pelvic asymmetry, up to approximately 2 in. / 5 cm
- require increased stability
- require lower extremity alignment

Product Code: R-1RHY1615C

Price: \$907.90

Features:

- Combines skin/soft tissue protection of air and stability with a contoured foam base
- The contoured foam base provides the opportunity for both lower extremity and pelvic alignment and control
- Provides an adjustable, reduced friction and shear environment that can help protect the individual from

acquiring pressure injuries from sitting

- Added stability assists the individual in achieving a safer transfer in and out of their wheelchair
- Even as your body changes, the optional Smart Check allows you to verify the inflation level to ensure optimal performance and protection

Specifications:

Size: 16" x 15"
