Abri-Man male pads are specifically shaped to fit the male anatomy. The design of Abri-Man incontinence pads provides a discreet solution that enables the user to lead a normal and active life.

Abri-Man Formula provides ultimate protection against leakage through unique, pocket shaped, comfortable lengthwise barriers. Micro punctured top sheet, channel systems and frontal double Top Dry layer provides fast dispersion of the liquid and a dry surface next to the skin. The breathable Air Plus backing is soft and discreet, allowing the skin to breathe, reducing the risk of skin problems. Secure fixation is ensured by the self-adhesive strip, which can be positioned excellently in close-fitting underwear.
